Election/Restrictions

Claims 1-12 are directed to an allowable product. Pursuant to the procedures set forth in the Official Gazette notice dated March 26, 1996 (1184 O.G. 86), claims 12-23, directed to the process of making or using the patentable product, previously withdrawn from consideration as a result of a restriction requirement, are now subject to being rejoined. Claims 12-23 are hereby rejoined and fully examined for patentability under 37 CFR 1.104.

Since all claims previously withdrawn from consideration under 37 CFR 1.142 have been rejoined, the restriction requirement made in the paper mailed 10/3/2003 is hereby withdrawn.

Allowable Subject Matter

Claims 1-23 are allowed.

The following is an examiner's statement of reasons for allowance: The prior art does not teach or suggest a gasket having a core of at least two reactive components which forms a foam or elastomer and an additional outer layer co-dispensed at 15°-30°C where the core composition has a viscosity of 10⁶ cps at 25°C. Similarly, the prior art does not teach or suggest the method for making this gasket.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
